

Vehicle Data Cards

The image shows a grid of vehicle data cards. At the top left, there is a key icon and an arrow pointing to the right. The grid consists of several columns and rows, with some cells containing text and others being empty. The text in the cells is small and difficult to read, but it appears to be organized into sections. Below the grid, the number 9073 is printed.

The vehicle data cards bear all the important data relating to your vehicle.

Data card No. 1 bears the key number and should never be left in the vehicle. Submit this card to your authorized MERCEDES-BENZ dealer to request a replacement key in case of loss.

Data card No. 2 has no key number information and should be kept in the Maintenance Booklet where indicated.
