

## ISP Processes to Purchase Diagnostic Equipment

ISPs can purchase Mercedes Benz Xentry machines and software from ISP Portal (<https://www.startekinfo.com/home>) >> log in with your C7ID and password in the top right >> once logged in you can select purchase software/hardware.

If you do not have an account, you will be prompted to create an account and this can also be done in the top right of the webpage by selecting “New User”, and once completed you can log in and purchase.

### Purchase Hardware/Software - Step 1 of 6

Please select Hardware/Software, and click continue to proceed

	Diagnosis System	Price	Approx. Lead Time for Delivery
<input type="radio"/>	J2534 PassThru Software (includes one year software subscription)	██████████	3 Months
<input type="radio"/>	XENTRY Diagnosis Kit 3/4 Software (includes four years software subscription)	██████████	5 Business Days
